Clements Reports Red Cross Campaign Progressing Nicely

No Figures Available Yet; 225 Workers Out Seeking Contributions

Ray E. Clements, chairman for Freeport in the 1950 Red Cross fund raising campaign, said today he was unable to give any definite figures as to the progress being made toward meeting the \$8,750 quota, but that contributions were coming in nicely and he was confident the village would make its assignment. He cited the case of one contributor, who doubled the amount he gave a year ago, and said others were giving more liberally than they did in 1949.

Chairman Clements reported 225 workers were actively engaged in the campaign under captains for each of the election districts in the village and said he expected canvassers to reach every home in the community.

He also announced that the F. W. Woolworth Co. has been the first of the larger companies to make a contribution, a check for a substantial sum having been received without solicitation. This contribution has been credited to the business group headed by John I. Lacy, and Cord Viebrock, Mrs. Theodora H. Vought has workers stationed in the banks seeking contributions.

Miss Mary Elizabeth Schreiber is chairman of the house-to-house canvass, Mrs. Leon N. Swisher, branch chairman, and Russell E. Hotelling, treasurer.

The complete list of district captains is as follows:
District 1—Mrs. Francis P. Minutolo.
District 2—Mrs. Hanna Von Elm.
District 3—Mrs. Richard Bean.
District 4—Mrs. Edward Engleke and Mrs. Albert Camright.
District 5—Mrs. George Dragonetti and Mrs. Marc W. Schneider.
District 6—Mrs. David Levy.
District 7—Mrs. William W. Winship.
District 8—Mrs. Charles Whitty.

Chamber of Commerce Plans Members Drive

Joseph Goldblatt, president of the Freeport Chamber of Commerce, announced this week that an all-out Spring members drive would be conducted shortly. Every business man, and those in the professions, will be contacted and invited to join the Chamber, he said.

"Many membership applications have been received to date, from representatives of all types of enterprises in Freeport," he continued.

"This cooperation is very encouraging because Freeport has reached the stage where concentrated effort can make it one of New York's leading communities. The Chamber of Commerce is receiving many inquiries from individuals and manufacturers in light industry desirous of locating in our Village. We are sincerely cooperating with the new manufacturers who have located here. These industries employ hundreds of workers from our community. They are the life blood of Long Island. We are all present negotiating with other industrialists in an effort to welcome them to Freeport."

Eddie Vasil INTRODUCES

... Edward A. Yankwitz & F. Cross Smith.

"There's a future in Freeport, that's why we located here." These were the words of Edward A. Yankwitz and F. Cross Smith, President and General Manager respectively of the CRESS CONSTRUCTION CO., located at 140 West Sunrise highway.

Edward Yankwitz, better known as Eddie, is the third generation of a family of builders. He started in the footsteps of his grandfather and father when he was fourteen years old, and now at thirty-eight (March 21), with nearly a quarter century of practical experience, he can perform any building operation from the foundation to the roof. Mr. Yankwitz is an alumnus of Boys' High School and has taken various university courses in construction, architectural design, and modern building methods.

Eddie is a life-long resident of Long Island. He married his childhood sweetheart, Sylvia Fishman of Brooklyn. They have four sons, Arnold 17, Norman 15, Preston 10, and Robert 2. Besides belonging to various trade organizations, he is also a member of the Freeport Chamber of Commerce, Odd Fellows, and Knights of Pythias. He was associated with Sen. Herbert H. Lehman in the United Jewish Appeal project, and has been active in the Federation of Jewish Philanthropies.

During his many years in construction, Mr. Yankwitz has built countless one and two family homes, and business and industrial structures throughout Long Island. His policy of constructing tailor-made buildings to fit the need and finances of the individual, has proven to be one of the major reasons for the success of his concern.

As Eddie Yankwitz offers his practical experience to the Cress Construction Co., then so does F. Cross Smith supply the technical background. The combined talents make a perfect combination. Mr. F. Cross Smith, named after Franklin Cross the famous designer, is only 34 years old. He, like his partner, symbolizes the youth that has faith in the future of Freeport. Also a life-long resident of Long Island, Frank Cross attended Amityville High School, Avon Oldfarms Preparatory School, (Avon, Conn.) and is a graduate of Michigan University.

He majored in engineering, and has taken NYU courses in structural engineering, architectural design, and hydro-electrics.

During the war he served as Flight Engineer with the 20th Air Force, held the rank of Captain, and was stationed at Guam. Prior to his association with Cress Construction, he served on the staff of the National Broadcasting Co., and as Cost Engineer with the R. C. Kane firm of Pittsburgh, Pa. He has had experience in industrial and electro-power plants, and steel fabrication. He also conducted his own concern specializing in the designing and building of custom home interiors, paneling and built-in furniture.

The Cress Construction Company, headed by these two men, is at the present time negotiating for building contracts with many large concerns, including Sears-Robuck. "We believe that Freeport is the springboard of Long Island and that there is a definite need for our individual custom-building type of contracting," stated Mr. Yankwitz and Mr. Smith. "Yes, there is a great future in Freeport."

K. of P. Dinner-Dance Proves a Huge Success

There was a large turnout at the annual dinner-dance of Freeport Lodge, K. of P., in the South Shore Terrace, Merrick Sunday night. The floor show which was staged following the repast was thoroughly enjoyed.

The proceeds from the event were largely augmented by a journal that brought in many hundreds of dollars.

On the committee which handled the dance and the journal were Harry Musheim and Charles S. Schuchman, respective chairmen, Joseph Victor, Harry Turansky, Julius Mazor, James Harris and Barney Pyvolent.

A few older men were to be observed at the meeting Tuesday night when the members will gather to bid him good bye prior to his departure for Florida where the family is to live. A Spring membership drive has been started under the leadership of Dr. Judah Cane.

Doxsee Addresses Northwest Civics

Association to Aid In Revision of Codes; 20 Members Taken In

MAYOR Robert L. Doxsee, in an address at a meeting of the Northwest Civic Association in the Seaman ave. school Monday night, gave an account of conditions existing in the village. He told what the present administration had accomplished during its first year in office. He also outlined plans for the recodification of all the village ordinances, which are under way. He invited the association to designate a group of members to assist those engaged in the work in carrying out the task.

He said that through the years because of the numerous amendments to existing ordinances it has become a difficult matter to keep up with the code. As a result of the Mayor's suggestion, President John C. McMichael designated the members of the Board of Directors to serve on the recodification group. The way was paved for an amendment to the by-laws that would permit the association to permit political discussions at its meetings. A resolution providing for such a step was introduced but tabled for consideration at the April meeting.

More than 80 persons attended the meeting and twenty new members were received.

Smith and Viebrock Are Unopposed in Village Election

However Unity Party Leaders Want Large Vote on March 21st

The Unity Party will again have the field to itself in the Village election, Tuesday, March 21, as when the dead line for filing nominating petitions passed Tuesday at midnight, no opposition ticket had entered the race.

As a result Leonard D. B. Smith and Cord Viebrock are sure of reelection, and the Unity Party of having no opposition on the board for the next year. However, party leaders would like to have a large vote for its candidates just as an indication of the confidence the citizens of the village have in the members of the board.

Consequently they have issued an appeal for those who failed to register for the November election, and are therefore not qualified to vote on March 21, to register when the opportunity is given them on Saturday. The polls will be open from 7 A.M. to 6 P.M. for that purpose. Only 8,688 persons registered last October. They all are qualified to vote without enrolling again. But others who want to vote, must register. People who have lived in the county three months are eligible to register and to vote, as are any who have moved from one election district to another since the fall election.

Mr. Smith has been a member of the Board for three years, while Mr. Viebrock is completing his first year. Both are eligible to be re-elected. The vacancy created by the elevation of Robert L. Doxsee from trustee to Mayor a year ago.

The Unity Party nominating petitions, containing more than 600 names were filed with Village Clerk George F. Hasbrouck on Tuesday. Mayor Robert L. Doxsee today issued a statement calling attention to the fact that a proposition would be submitted to taxpayers providing for an appropriation of \$38,433 to recodify the Town of Hempstead for various matters involved in the annexation of the Holloway st. area to the incorporated Village of Freeport.

"Holloway Street has recently been annexed to the Village of Freeport and this sum represents the final amount due to square accounts in the Holloway Street annexation proceedings. It will make possible the full institution of Village services for the Holloway Street residents including garbage collection and fire protection. The payment is to balance out the amount owing to the Town for such services, which

Novel-Notes

By JEAN HICKS-ANS
ELAINE CARRINGTON who writes NBC's week-day "When A Girl Marries" is well-known for her radio scripts—but few people know that she is the accomplished composer who recently had a song published called "I Adore You."

LOST—one Aunt Jessica who recently wrote to "Juvenile Jury" (MBS Sunday afternoons) asking what to feed a dog to make him talk. She gave no return address. If "Juvenile Jury" can locate the writer of the letter they plan to give her a free trip to New York to appear on the program. So Dear Aunt Jessica, in your own handwriting, please contact "Juvenile Jury" in care of Mutual Broadcasting Co., New York City—giving your address.

PAINTING WITH NYLON—Seems strange, but women purchase more paint brushes than men, a survey reveals. It didn't indicate whether women actually do more painting, or merely buy brushes for men to use. With nylon brushes being easier to use, women are expected to take to them as they did to nylon hosiery with an eye to getting more paint jobs done around the house, of course.

THE CORNER TOBACCO SHOP—Viewers of NBC-TV, Thursday night "Martin Kane, Private Eye," regard the little tobacco shop as part of their own neighborhoods. Bill Gargan, star of "Martin Kane" uses the store as headquarters and it is so typically "Kane" that fans of both NBC-TV and the Mutual radio version say that they feel like hurrying around their villages to help him solve his cases.

"In the meantime plans for installation of the Village electrical services in the Holloway Street area are awaiting final O.K. from the Public Service Commission, authorizing the Long Island Lighting Co. to sell its fixtures and equipment to the Village. I am sure that this is merely a matter of time and would perhaps have been decided before now if it had not been for the fact that the Public Service Commission got so badly involved with the investigation of the Long Island Railroad."

Redeemer Auxiliary Plans St. Patrick's Night

Plans for co-operating with the Holy Name Society in a St. Patrick's Night in the South Shore Yacht Club Friday night, March 17, were completed at the monthly meeting of the Ladies' Auxiliary of Our Holy Redeemer School Monday night in the school hall. Dr. Fradkin Addresses Archer St. School P.T.A.

"The Normal Child" was the title of a talk given by Dr. Irving M. Fradkin, pediatrician, at a meeting of the Archer St. School Parent-Teacher Association Tuesday night in the school auditorium.

Dr. Fradkin spoke especially concerning the feeding of children and seeing they get enough sleep. He told the fathers and mothers not to nag their children concerning the things they eat, as children seem to know what is good for them. He also said some children required more sleep than others. If a child wakes up from a nap in a peevish frame of mind, he needs more sleep, Dr. Fradkin said to show what a parent should watch to determine whether a child is sleeping out.

Mrs. Harry Feldstein presided at a short business meeting, at which it was decided to sponsor Boy Scout troops in the area.

Mrs. Victor C. Wade submitted the slate for next year. Mrs. David Moltrop was nominated to succeed Mrs. Feldstein as president, with Mrs. William Jackson and Mrs. Arthur Eastwood, as vice-presidents; Mrs. Seward J. Baker, treasurer; Mrs. T. Redmond McKenna, recording secretary; Mrs. Edward M. Voelker, corresponding secretary.

A social time with refreshments followed the meeting.

All Veterans Groups Oppose Hoover Plan

Dominic Pellicio, V.F.W. Commander Tells of Reasons for Stand

The collective weight of 5,000,000 ex-servicemen, all members of major veterans organizations, will be thrown against those parts of the Hoover Committee Report on Government Redorganization which affects veterans, Commander Dominic Pellicio of Henry Theodore Mohr Post, 860 V.F.W. announced today.

Commander Pellicio declared that the national commanders and legislative directors of the Veterans of Foreign Wars, American Legion, Armies and Disabled American Veterans and in complete agreement in petitioning Congress to disregard those steps which would mean a loss of benefits to veterans through reorganization legislation. They will definitely appear before various committees of the House and Senate and vigorously oppose such steps.

Commander Pellicio, quoting a joint release of the four major organizations, said:

"On the basis of exhaustive study of that portion of the Hoover Report pertaining to veterans, we are convinced that the recommendations contained therein would lead to neither economy nor efficiency. If carried into effect, these recommendations would disrupt the Veterans Administration, a one-stop service agency, and replace it with new bureau which would mean more grief for the veteran and more cost for the taxpayer."

Under the Hoover Commission plan, all veterans hospital and medical services would be transferred to a proposed new United Medical Administration. This would reduce the standard of medical service for the veteran without lowering the cost.

"The report would provide for the transfer from the VA to the Department of the Interior all matters pertaining to hospital construction. This would remove a specialized activity from the Veterans Administration, resulting in no conceivable reduction in cost and a division of jurisdiction and authority between the two agencies."

"Government insurance matters would be taken from the Veterans Administration and turned over to another new government corporation. This would involve added expense for new top bracket government executives and offer no assurance that this operation would be

Prepares to Enter '50 Nassau County Cancer Poster Contest

Hunting inspiration, James Crum of Garden City, winner of the Nassau County Cancer Committee's 1949 cancer poster contest, eyes last year's prizewinner and reads his pencil for this year's contest. Crum, a Garden City High School student, lives at 96 Huntington rd. This year's poster contest is now underway and will close March 31st. It is conducted in Nassau County High Schools each year to stimulate interest of students and teachers in the cancer problem.

administered any more efficiently or economically.

"The proposed transfer to another government agency of the home loan guarantee program, under which the Veterans Administration guarantees loans to enable veterans to build their own homes, would result in no possible benefit to the taxpayer, and an impairment of service to the homeseking veteran."

"Since the days of the Civil War a grateful nation has provided veterans preference in government jobs. The Hoover Commission report would completely destroy this traditional recognition of the right of veterans to federal employment preference."

"The cost of government is borne by all the people, and the 19 million war veterans represent a large segment of the population of the country. On their shoulders will fall the burden of their proportionate share of this huge tax bill, and naturally they are deeply interested in economy in government. We believe that every legitimate saving in the veterans program can and must be effected within the framework of the Veterans Administration."

"It is our intention to submit to the Congress the results of our study of the proposals of the Hoover report as they affect veterans. On the basis of the facts contained in that analysis, we urge that the Congress reject those proposals being unjust and ill-advised," Commander Pellicio concluded.

Witmore Addresses Atlantic-South Civics

Tells of Garden Type Industrial Buildings As Community Asset

John D. Witmore, executive secretary of the Long Island Association, addressed the members of the Atlantic-South Civic Association at their monthly meeting in the South Shore Yacht Club Thursday night. He discussed transportation plans for attracting light industries to Long Island and other projects on the program of the association and then answered questions.

Mr. Witmore said shipping facilities on Long Island were pretty good. In saying 150,000 commuters journeyed to Penn Station every business morning via the Long Island Rail Road trains, he declared the railroad provided excellent facilities when compared with that in other cities. He referred especially to Baltimore and Chicago and concerning Los Angeles he said, "unless you have an automobile you just don't work."

"It is time to think constructively instead of destructively about these matters," he declared.

Campus Type Plants

Mr. Witmore said that while it has always been considered desirable to live near a school, the time had come when garden, or campus type, factory buildings are no longer a detriment to a community. He told of three such plants in Carle Place, the head of one of which told him he paid \$20,000 in school taxes last year. This, he said, was much more than any home occupying a similar amount of space would pay. "If we can work out a program in each community to bring tax-

paying industry into the area we will be able to bring about a paying community," he added. However, in response to an inquiry, he explained this did not mean such plants, no matter how desirable, would be permitted in residential areas. In fact, he said the association was seeking appropriate zoning in three towns for industrial areas.

He said the attitude of the Freeport Board toward zoning for industry, had been much more constructive than in most communities but there was still room for greater co-operation.

Can Control Appearance

When Trustee Leonard D. B. Smith said the Village Fathers would like to enact ordinances governing the appearance of industrial plants, but had not found a way to do so, Mr. Witmore replied this could be done and promised to convey the information to the trustees.

Trustee Cord Viebrock assured members of the association they need not fear the intrusion of business in residential districts as the board was planning to set aside industrial areas.

When one member complained that erection of a metal type of building had been permitted by the Town of Hempstead Zoning Board of Appeals in the Bay Estate just east of the residential section, announcement was made petitions were being circulated asking for the annexation of the district to Freeport so it could be placed under village control. It also was revealed that petitions are being circulated requesting the creation of a lateral sewer district for the Bay Estates. It also was reported that residents of the new residential area east of South Grove st., were seeking bus facilities to enable them to get to the railroad.

Reports showed that various mat-

Cancer Drive Kick-off Dinner Set for March 30

The 1950 Cancer Crusade of the Nassau County Cancer Committee will be launched officially at a kick-off dinner Thursday night, March 30, Norman F. Penny, general chairman of the April fund drive, announced this week. The event will be at 7:30 P.M. in the Georgian Room of the Garden City Hotel. More than 300 key workers are expected to attend the dinner.

Mr. Penny said while full details of the dinner program were not available at this time, the committee's plans would include speakers well-qualified to deliver the cancer message.

This year's campaign will maintain the 1949 goal of \$100,000. Forty per cent of the money raised will go to the American Cancer Society, with which the Nassau Committee is associated to continue the program of cancer research on a national scale. Sixty per cent will remain in Nassau to continue the committee's expanded program of education and service to the cancer patient.

Seventeen hundred officers of the Army will participate in meetings being arranged by more than 400 Corps and Outposts in the eleven Eastern states, it was announced by Commissioner Donald McMillan, Commander of the Eastern Territory.

Christian Science

"Substance" is the lesson-sermon subject for Sunday, at 11 A.M., in the First Church of Christ, Scientist, West Elm rd., at Elm pl. The golden text is "I know that, whatsoever God doeth, it shall be for ever: nothing can be put to it, nor any thing taken from it." Ecclesiastes 3:14.

The sermon will be from Hebrews 11:1, 5, 6. King James Version: "Now faith is the substance of things hoped for, the evidence of things not seen. By faith Enoch was translated that he should not see death; and was not found, because God had translated him; for before his translation he had this testimony, that he pleased God. But without faith it is impossible to please him: for he that cometh to God must believe that he is, and that he is a rewarder of them that diligently seek him."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "The prayer that reforms the sinner and heals the sick is an absolute faith that all things are possible to God—a spiritual understanding of Him, an unselfed love. Faith is higher and more spiritual than belief. It is a chrysalis state of human thought, in which spiritual evidence, contradicting the testimony of material sense, begins to appear, and Truth, the ever-present, is becoming understood. Until belief becomes faith, and faith becomes spiritual understanding, human thought has little relation to the actual or divine" (pp. 1, 297).

Vollmer Stresses Rehabilitation In His Annual Report As Sheriff

"In conducting the jail," Sheriff H. Alfred Vollmer wrote in his annual report to County Executive J. Russel Sprague, "we have adopted a system of rehabilitation rather than punitive."

We feel that when a prisoner is sentenced to our institution if we can do something with him to turn him back to society better than when he came to us we are doing something worthwhile for the community, which we would be unable to do if our system was just punishment."

He cited some of the projects which accomplish the objective including jail farms near Meadowbrook hospital, canning of vegetables, kitchen work, jail bakery, maintenance of country cars, preparing motor vehicle registration plates, snow removal, jail carpentry and repair shop, painting, laundry work, tailoring, minor building maintenance, sewing, exhibiting at County Fair, encouraging Alcoholics Anonymous, encouraging religious services and visits, maintaining a commissary.

Sheriff Vollmer reported civil matters increased 76 per cent more than in 1948 (the increases were 108 percent in 1948 and 176 percent in 1947). Fees increased 31 percent last year (81 percent in 1947 and 171 percent in 1946).

The report noted 1,281 prisoners admitted as compared to 1,242 in 1948, the average inmates per day being 122, the highest of any for a number of years. At times six males and two females were held for first degree murder requiring jailers and matrons to be locked in the tier with the prisoners around the clock "the highest number of first degree murderers confined in our jail since the institution of the County."

The farm program produced 3,601 bushels of potatoes, 7,525 ears of corn, 591 bushels of carrots, 368 bushels of tomatoes, 305 bushels of beets, 311 bushels of cabbage, and

a smaller amount of other vegetables.

The cost of feeding inmates three meals a day is 55 1/2 cents per day. This is a decrease from last year of 26 1/2 cents or, approximately 32 percent less. Some of the decrease is due to the fact that we are canning our own vegetables and baking our own bread," said the report.

Produce grown on jail farms was distributed among the Children's Shelter, Sanatorium, Hospital and Jail.

Adelphi Plans Course For Music in Schools

A long-term plan of music education in public schools, designed to create and build a new audience for music in the United States, will begin this Spring and Summer in the grade and high schools of Nassau County as part of the Music Workshop at the Center of Creative Arts, Adelphi College, Garden City.

The plan was devised by Leon Barzin, conductor of the National Orchestral Association, an ensemble that trains young and talented instrumental musicians in orchestral repertoire.

Mr. Barzin explains that his plan will begin with a series of question-answer sessions among the younger pupils in the grade schools. A quartet of instruments will be on view and children will be invited to handle and inspect the instruments and ask questions about them.

These classes will be supervised by some member of the Workshop faculty, by a member of the National or one of the major professional orchestras of the country, or some eminent musician. An informal poll will be taken, for each pupil will be asked: "What do you want to know about music?"

Episcopalians To Hear Broadcast By Bishop H. K. Sherrill Sunday

For nine weeks the entire Episcopal Church has been engaged in a special activity resembling a gigantic school system. A campaign of education, referred to as "One World in Christ," has aimed at informing every member of the Episcopal Church about the program of work, being done by the Church at home, overseas and in the field of Christian Education.

January was devoted to study of missionary work overseas; February to work in the United States; and the first part of March to new plans for education "which are being developed and are beginning to emerge in the form of courses of study on the beliefs and the activities of the Church Schools, for use in families, by children, young people, and adults of every age."

The campaign terminates Sunday when Episcopal congregations gather in their parish churches from Maine to Texas for Sunday morninging services will hear through radio receivers set up in the church buildings Presiding Bishop Henry Knox Sherrill summarize the objectives of the campaign and ask for the prayers, interest and financial support of every member of the Church. When the radio is turned on the final 11:30 A.M. congregations will first will be on Saturday night.

Hornbostel Tells Legion Of Hansen's Disease Cures

Major and Mrs. Hans Hornbostel, who contracted Hansen's disease while prisoners of the Japanese near Manila, and were cured by treatment received at the U.S. Marine Corps Leprosarium, Carrolville, La., spoke at an open meeting of William Clinton Story Post, A.L., Friday night in the dugout.

Major Hornbostel, a member of the Army Engineers Corps, is a survivor of the Death March from Bastan. He, his wife and three children were prisoners of the Japanese for three years. They were liberated by Gen. Douglas MacArthur on his return to the Philippines.

The Major said he had no hatred for the Japanese people, as their leaders were responsible for the brutality that was carried out during the war. He said though it is generally believed Hansen's disease is incurable, this is a mistake, as a cure is possible under proper treatment. He said he planned to spend the rest of his life, he is now 69

Commander Kenneth E. Vought introduced the speakers.

Vice-Commander Oscar J. Pultz reported that the Hempstead Post has a paid up membership of 500 while Story Post has but 441, so if the local Legionnaires want to maintain their supremacy, they'll have to do something about it before April 1 when those who have not paid up become delinquent. The quota set for the local post is 750.

Medical Practitioners To Study Emergency Plan

Problems arising from the proposed 24-hour emergency medical service in Nassau County will be considered at a meeting of the General Practitioner's Association to be held in Mineola on Tuesday. Questionnaires are to be sent to all general practitioners to determine the days and hours each would be available for such service in various parts of the county.

In addition it is planned to release a description and discussion of medical emergencies as distinguished from ordinary medical care.

A meeting of the three-men emergency medical service committee of the Nassau County Medical Society headed by Dr. Gerard V. Farinola, of Roosevelt, was held in headquarters. After the meeting it was announced that while the plan is still in the study stages the committee suggested medical service could be handled most promptly and efficiently if those in need of medical care followed the following rules:

1. Call the family doctor first in all instances of medical need.
2. If possible, family doctors should be called early in the morning so they may be able to plan their day's work and be certain of including all calls.
3. Residents should keep in close contact with their family doctors who will be informed of further developments in the emergency service study.

S.S.P.S. to Receive New Members Tonight

Candidates who successfully passed the examination in the Plotting class just completed will be received into the South Shore Power Squadron at a meeting to be held tonight in the South Shore Yacht Club. Certificates will be presented to them.

Plans for the spring conference of the Third District to be held in the Garden City Hotel will be considered. Refreshments will be served.

Audrey L. Pearson
Bride at Church Rites

Miss Audrey Loretta Pearson, daughter of Mrs. Lillian Pearson and the late Wellington Pearson, 83 Weberfield ave., and Harry Hendrickson, Jr., son of Mr. and Mrs. Harry Hendrickson, sr., Woodmere, were married in the Freeport Methodist Church Saturday afternoon. The bride was given in marriage by her uncle, LeRoy Jerome Parsons, of Brooklyn, and the Rev. C. Newman Hogle, the pastor, officiated.

Miss Edith Bedell, of Massapequa, was maid of honor, and Frederick Pearsall, of Woodmere, best man. Charles Hendrickson, of Valley Stream, uncle of the bridegroom, sang "O Promise Me," "Because" and "I Love You Truly," to the accompaniment of Mrs. Raymond J. Miller, on the organ.

A reception for the couple was given in the home of the bride, after which the couple left for the Poonies to spend their honeymoon. They will live in Woodmere on their return. Mrs. Hendrickson was graduated from Freeport High School and attended Buena Vista College, Havana, Cuba, for a year. She has been dental assistant to Dr. Philip Bloom. Her husband, a graduate of Woodmere High School, served in the Navy and is associated in business with his father.

Freeport Commercial
Competition Very Close

While Peppiatt Bros. were taking a 5 to 0 series from the lovely Tyson Radio, Vasil's Varieties were trimming A. Siegel & Co. by only 3 to 2, points with the result the "V.V." combination lead in the Freeport Commercial Bowling League of the Grove Recreation Alleys, was reduced to a point and a half. Spitzler's defeated C. & R. Cafeteria, 4 to 1, in the final round, and a half point behind the leader, Riedel, the Vasil anchor, got in a 230 game.
